

# AL-KO Shock Absorbers

**A wide range of shock absorber references covering most truck, trailer and bus applications**

- AL-KO Record is the European leader in the manufacture of original equipment trailer shock absorbers with quality approved and specified by some of the most demanding world-class OEMs.
- Nearly half of all air suspended trailer axles produced in Europe now have AL-KO shock absorbers fitted as original equipment.
- Special sealing system which minimises the chance of oil leaks and therefore greatly extends service life of the shock absorber.
- AL-KO shock absorbers are designed to be very sturdy and virtually unbreakable with a uniquely shaped, weight saving durable plastic outer dust cover.
- The quality is proven by the 3 year warranty.

**Now available from:-**
