

400 SERIES

Static Flash LED - Airport Beacon

The 400 Series static flash LED beacons conforms to CAP 168 and ICAO regulations. They have a tough housing design to maximise resilience to excessive vibration and increase the life of the product. This range is available in 4 different mounting options, 3 bolt, 1 bolt, flexi DIN and mag 70. These beacons are recommended for airport use .

Models

PART NO.	VOLTAGE	MOUNT	REGULATION
V11050.168	12-24	3 Bolt	CAP 168
